NO SECOND MASS MEETING ON LAW SEEN AT PRESENT

Rev. Steve Bliffen this week announced no further meetings of the Committee of 300 are planned for the present.

The committee was organized at a public meeting Nov. 11 to provide support for officials whose duty it is to enforce the law. The committee was particularly interested in enforcement of those laws dealing with the illegal sale of alcoholic beverages and narcotics.

Bliffen said Wednesday that many persons have asked when the next public meeting on law and order is to be held.

"At this point," he said, "the committee is inclined to wait and see if need for another meeting arises."

"Committee members are generally satisfied with the results of the first meeting and see no need at present for another rally," he said.

However, Rev. Bliffen said, the committee's three subcommittees — on law, law enforcement, and the judicial system — remain active, and if committee members see a need, another mass meeting of citizens and officials will be called.

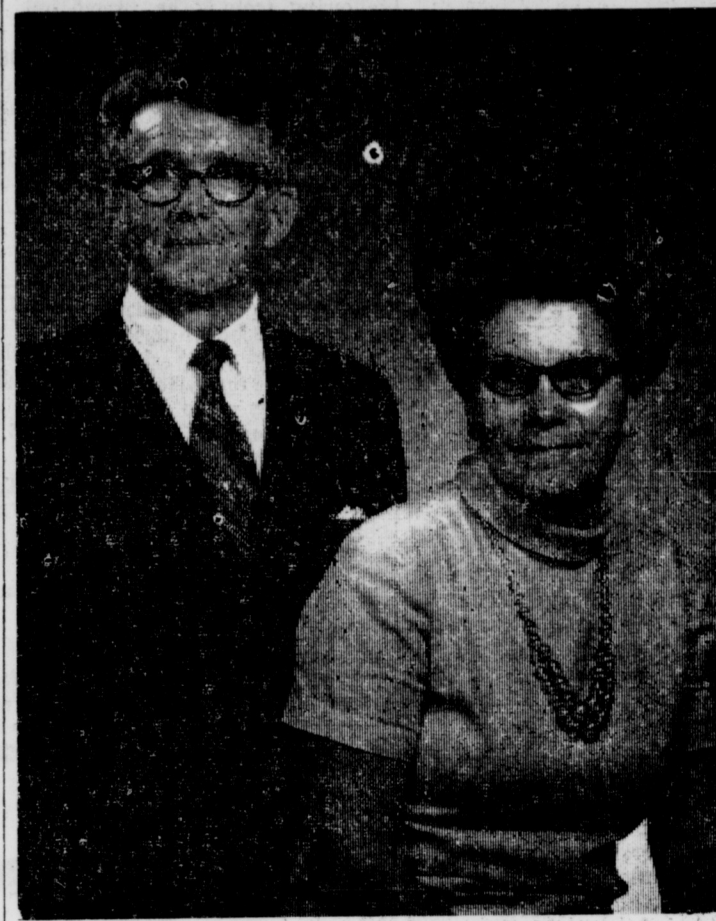

DEATH CLAIMS BRONSON BARKER

Ollie Bronson Barker, 60, of Route 1 West Liberty died at 3:30 a.m. Sunday at his residence following an extended illness. He was a farmer and was a member of the Grassy Lick Baptist Church.

Born Nov. 29, 1911, in Morgan County, he was a son of the late George and Rosa Ferguson Barker.

Funeral services were conducted Tuesday at 2 p.m. at the Grassy Lick Church by Rev. Ellis Hamilton and Rev. Bruce Daniels. Interment was in the Grassy Lick Cemetery under the direction of Potter Funeral Home.

Mr. Barker is survived by his wife, Mrs. Hattie Perry Barker of Route 1 West Liberty; three daughters, Mrs. Faye Stottlemeyer and Mrs. Gay Deborde of Chicago and Mrs. Treva Vance of West Liberty; seven sons, Jesse and Hershel Barker of Fairborn, Ohio; Stanley Barker of Grassy Lick, Stanley Ray Barker of West Liberty, Aniel and Curtis Barker of Chicago, and Jerry Barker at home; one brother, Berlin Barker of Grassy Creek, and one sister, Mrs. Cora Elam of Grassy Creek, and several grandchildren.

Rev. and Mrs. Wardie Craft of Caney and some of their children and their families will be guests on the June Rawlings Show on Lexington Channel 27 WKYT-TV at 9:30 p.m. on Christmas Eve, Friday, Dec. 24. Rev. and Mrs. Craft, who have reared a number of adopted children, have between 80 and 100 foster children. Rev. Craft told a reporter that he and his wife feel that children can be helped more by love than by cruelty. Rev. Craft feels that delinquent youths can become good citizens through kind treatment, or, if this element is subverted, continue their wayward paths. Rev. Craft is a retired teacher and school principal and his wife also is a teacher.

LET US NOT FORGET THE HALLOWED PAST AS WE LOOK TO THE FUTURE

By Wardie Craft

Let us turn and gaze backward into the dim past, then suddenly open wide our eyes on the fields of the bright future. We are now speaking to all who hear the "Joyful Sound" of the name Jesus during this Christmas Season.

This joyful sound rings in the hearts of doctors, lawyers, teachers, bankers, undertakers, mechanics, nurses, factory workers, housewives, merchants, farmers, miners, cooks, etc. — yes, this joyful sound that so loudly rings in the hearts of every school boy and girl, and

the echo of this sound tickles the ears of the infant babe that rests on its mother's loving breast.

We buy, we sell, we build, we tear down, we teach in word, we preach long sermons, we pray and ask for great blessings. But, my friends, "It is more blessed to give than receive."

As we look back into the dim history of early Kentucky and see a wilderness howling with wild animals and the war cry of Indians we can visualize the pioneer preacher, Daniel Williams, with his Bible safely held in his hand, and his voice like the sound of a trumpet.

In tones of thunder we hear the echo of one of his sermons to our forefathers when he preached, "Blessed is the people that know the joyful sound; they shall walk, O Lord, in the light of thy countenance."

Are we being fair to our children if we do not allow them to hear about this great pioneer and preacher? Join with us NOW and help build the Daniel Williams Memorial at Caney, Kentucky. Every dollar counts. We need your help! Give and be happy.

Recently, a ninety-four year old man, lives on Cumberland River, said, "I would love so much to see this memorial finished before I die."

FORD NOT TO CUT AUTO TAG PRICE

Gov. Wendell H. Ford has no intention of reducing the automobile license tax from \$12.50 to \$5 despite some reports to that effect, he told newsmen in Frankfort Monday.

A Ford aide said that Ford made no promise to cut back the auto tag cost although he made many references during the campaign to the license tax increase, but that the emphasis was on the contention the Republican administration did not use the extra money for the road fund — at least not for the first three years of the administration. Ford asserted the GOP spent money for smaller roads only at election time.

DENTIST OFFICE ROBBED LAST WK.

A local dentists office was entered around 11 p.m. Tuesday, Nov. 30, and robbed of an electric adding machine and a typewriter.

The burglary occurred at the office of Dr. Arlis Wheeler upstairs over the Frederick and Brown Radio and TV Shop.

According to West Liberty Police Judge Jeff Williams, entry to the office was gained with a key or by picking the lock since no damage was done to the door, nor had windows been tampered with.

Time of the robbery was determined by an electric clock which was stopped at 11 o'clock. The clock had been plugged into the same wall outlet as the missing adding machine.

Other offices located in the building were not entered.

MRS. CORNETT DIES AT EZEL

'This Is Your Life' Pgm. Honors Caney Minister

A color slide presentation sponsored by the First Church of God at Caney honoring the church's pastor was one of the best kept secrets ever, despite the fact that many members of the congregation and scores of the minister's friends were in on the plan from the beginning.

The color slide presentation, entitled "This Is Your Life, Rev. Roy Benton," was two years in the making and was first presented to an overflow crowd at the Caney church Saturday night, Nov. 20.

It was re-shown last night (Wednesday) at the church to members of the congregation who were unable to attend the first presentation. The film's first showing was such a surprise to Rev. Benton that his son, Edwin Benton, said, "At first, I thought we'd overdone it. He was completely speechless."

Rev. Benton of Caney came to the church thinking he was going to participate in a Thanksgiving program given by the youth.

However, when he arrived the lights were darkened and he and his wife were escorted to their seats by flashlights. When the sound track announced, "This Is Your Life, Rev. Roy Benton," the 66-year-old minister, farmer, and former coal miner, admitted that he was indeed speechless. He had absolutely no inkling of the honor that was to be bestowed on him. His wife, who helped with the program, he said, never offered a hint to him.

The program, featuring 113 color slides—some of old photographs dating as far back as 1878—with narration by scores of Rev. Benton's friends, several of whom are

IMPORTANT NOTICE TO DRAFT REGISTRANTS WITH DEFERMENTS

Current Selective Service Regulations provide for each registrant to experience a year of exposure for possible induction and if his Random Sequence Number is not reached for induction, he would be placed into a lower priority selection group and may never be required to serve in the armed forces.

A year of exposure has been experienced if the registrant, born in 1951 or earlier, is classified as available for service on the last day of the calendar year.

A registrant in either Class 1-S, 2-A, 2-C, 2-D, 2-S or 3-A may voluntarily give up his deferment prior to the close of the year so that he may have his year of exposure and be eligible for assignment to a lower priority selection group.

The highest number to be called during Calendar Year 1971 will be Random Sequence Number 125. If your number is higher than 125 and you have never experienced your year of exposure, you may wish to give up your deferment and be eligible for a lower priority selection group assignment.

If you wish to do so contact your Local Board by letter requesting that your deferment be dropped. This action must be taken before the end of the year and all letters must be postmarked before midnight Dec. 31, 1971.

Arrests for drunkenness and drunken driving continue to be made in Morgan County by local and State Police officers, but State Police officers report they are on the decline. And State Policemen report that bootlegging activities remain curtailed following a mass meeting of concerned citizens and county officials on Nov. 11.

The Committee of 300, organized at the Nov. 11 meeting to support the efforts of law officers in performance of their duties, this week released for publication the Kentucky Revised Statutes dealing with illegal sale of alcoholic beverages in a local option (dry) territory.

As explained by an attorney for the Commonwealth of Kentucky, the penalties prescribed in the following statutes are mandatory if the defendant is found guilty.

(1) Any person who violates any of the provisions of this chapter, for which no other penalty is herein provided, shall for the first offense, be fined not less than twenty nor more than one hundred dollars and, if a natural person, imprisoned in the county jail for not less than thirty nor more than sixty days; for the second offense he shall be fined not less than forty nor more than two hundred dollars and, if a natural person, imprisoned in the county jail for not less than sixty nor more than one hundred and

twenty days; for the third and each subsequent offense he shall, if a natural person, be confined in the penitentiary for not less than one nor more than two years, and if a corporation, be fined not less than one thousand nor more than two thousand dollars.

(2) Any officer who violates subsection (2) of KRS 242.370 shall be fined not less than one hundred nor more than five hundred dollars.

(3) Quarterly courts, justices of the peace and police courts shall have concurrent jurisdiction with the circuit court in the trial of all offenses committed under this chapter, where the penalty does not exceed a fine of one hundred dollars and imprisonment in the county jail for not exceeding sixty days.

Morgan's Income Up To \$966,843.04 From 1197 Checks

Burley markets, which opened on Nov. 22 \$5.16 higher than last year, have continued to climb higher and higher day by day, reaching a record high of \$82.08 Tuesday of this week. Tuesday's high of \$82.08 was \$10.58 above support price of \$71.50 for this year's crop, reflecting just how light this year's crop is considered to be.

No offerings went to the Association at support price Tuesday, and so far during the season less than one-tenth of one percent has gone to the Association at the government support price.

The market opened at \$77.93 and climbed to \$78.51 for opening week average. Prices continued to climb the second week, reaching a second week average of \$79.64. And on Monday of this week the market opened stronger, averaging \$80.96 for the day. Again on Tuesday prices continue to climb, reaching an average of \$82.08 for an all-time record.

Mt. Sterling's market was highest in this area Tuesday—\$82.05 average.

Mt. Sterling Market Is Highest

The Mt. Sterling burley market has been highest in this area for most of the selling season thus far. Average for the week at Mt. Sterling last week was \$79.94, even higher than Lexington's average of \$78.85.

Weekly averages of nearby markets for the week Nov. 29—Dec. 2 as reported by the Kentucky Department of Agriculture were—

Mt. Sterling \$79.94
Lexington 78.85
Winchester 79.54
Morehead 79.39

Morgan's Income Up To \$966,843

Meanwhile, Morgan County's cash income from the 1971 crop climbed to \$966,843.04 by midweek. This amount is on the basis of 1,197 checks clearing through the Commercial Bank through Wednesday noon.

On the same date last year a total of 1,134 tobacco checks had cleared for a total of \$924,256.14.

Thus, with 63 more checks clearing this year the income is \$62,587.00 above last year's income at the same time, indicating that although weights are lower this year, the gross income to Morgan farmers may be as high, or higher, than last year.

Among the high crops from Morgan were these—

Boyd Anderson, Ezel, 4900 lbs., \$82.00.
Chas. Oney and James Bailey, Caney, 748 lbs., \$79.37.
Bertall Wells, Cannel City, 828 lbs., \$80.00.

Wayne Tyree and S. M. Potter, Rt. 4 West Liberty, 1528 lbs., \$80.24.

LOCAL HOMEMAKERS CLUBS HOLD WORKSHOPS

Morgan County Homemakers made candle rings from native materials as a November lesson. Whole families took to the woods to gather pine cones, walnuts, hickory nuts, pawpaw seeds, buckeyes, and chestnuts. Peach seeds, teasel, rose of Sharon pods, sycamore and sweet gum balls also used.

Two hundred and seventy-five candle rings were made by nine homemaker clubs in the county. Four clubs have also made candles to complete their Christmas decorations and to give as gifts. Over seven hundred pounds of wax were used in the making of these candles.

This project really became a family affair. Husbands who went out hunting found themselves looking for more than rabbits, squirrel, or birds. Children roamed the fields and woods

for parents and teachers. At home several youth actually helped Mom make the candle rings. The Girl Scouts have taken up the project.

These candles and rings are inexpensive to make and could provide added income at Christmas for anyone who could make them.

PERKINS WORKING TO RESTORE TITLE I FUNDS FOR KENTUCKY

—During Congressional action of a supplemental appropriations bill last week, Representative Carl D. Perkins, D-Ky., worked out the basis for restoring \$3,376,554 for educationally deprived children in Kentucky.

Allocations of Title I funds under the Elementary and Secondary Education Act announced last month by the U. S. Office of Education gave Kentucky \$33,755,353 nearly \$4-million less than was allocated last year.

The Title I funds, directed toward the education of poor children, were cut \$32,079,478 nationally. Most of the cuts were directed at Kentucky and other border and southern states.

Perkins, chairman of the House Committee on Education and Labor, called on the Congress to restore these funds to meet the critical problems raised

in the 15 affected states. He read into the Congressional Record letters and telegrams of Kentucky school superintendents pointing out the serious situation created by the cutbacks in his home state.

The appropriations measure brought to the House floor Thursday night did not include funds to make up the deficiency, and Perkins' effort to amend it was foreclosed by the House rule applying to the situation.

But before debate on the House measure was completed, Perkins had met with Senate Appropriations Committee leaders and arranged for the \$32-million to be included in the Senate version.

The measure must still clear a Senate-House conference and the final version approved by both houses. Perkins said he hopes this can be done quickly.

Ladies Aid Hears Lesson On Types Of Bones Dec. 2

The Ladies Aid of the West Liberty Christian Church met Dec. 2 at 1:30 p.m. in the Fellowship Hall of the church for a brief meeting.

Mrs. Golden Byrd, president, presided and presented the devotional. After reading the 121st Psalm, Mrs. Byrd quoted the following from "The Bread of Life" by Rev. A. Purnell Bailey—

"A very interesting speaker commented on the fact that the human body is made up largely of bones — about 200 of them, classified according to shapes. But the church was made up of three bones, classified by use."

"The first of the three bones was 'wishing bones'. They wish for many good things for the church, but never supply any of the work and effort to make their wishes come true."

"Then there is the 'jawbone'. They criticize, gossip, and pick flaws. In their wake follow dissension, discouragement, and heartache."

"The third classification is the most important: 'backbones'. They are found in the choir, the Sunday school, and the committees where things get done. They serve for the church."

"By love serve one another."

Gal. 5:13.

A short business meeting resulted in plans for the Ladies Aid Christmas Dinner Thursday, Dec. 9, with exchange of gifts and birthday money.

Members present were Golden Byrd, Floris Cox, Mary Davis, Grace Adkins, Della Williams, Josie Caskey, and Rowena Combs.

DEMOCRAT WM. P. CURLIN ELECTED TO WATTS' SEAT

Democrat State Representative William P. Curlin, Jr. of Frankfort, was elected Sixth Dist. Congressman at a special election Saturday to succeed the late Rep. John Watts. Curlin, an attorney, defeated Col. Raymond Nutter, Republican, who resigned his commission with the Army and returned to his home at Georgetown in order to make the race for the Watts' seat.

Curlin's majority over Nutter was nearly 9,000 votes in the 21-county Bluegrass district.

Curlin, age 38, went to Washington Monday and was sworn in as Congressman in time to vote with other Kentucky Democrats for the \$2 billion child development and Head Start bill sponsored by 7th Dist. Congressman Carl Perkins.

Soon after arriving in Washington Curlin announced he had named John Clark of Winchester as his chief administrative aide. Clark worked as press aide to Governor Wendell Ford in the gubernatorial campaign.

Curlin also said he would prefer an assignment on the House Agriculture Committee so he could help with the tobacco and other farm programs.

BLUE DEVILS LOSE TWO; PLAY ROWAN CO. VIKINGS NEXT

The Morgan County Blue Devils lost their fourth and fifth basketball tilts in recent action against East Carter and McDowell.

The Devils fell to East Carter at Hithins last Friday, 65-34.

Still playing without the services of sparkling forward-center Cliffie Smith, out with an ankle injury, the Devils added to their woes in both games by losing their shooting eye.

Smith, sidelined for the last three games, averaged more than 20 points per game in his first two games.

Only one Blue Devil player hit in double figures against East Carter—guard Mike Blanton with 12.

The Blue Devils got plenty of shots during the McDowell game, taking more shots from the field than the Daredevils.

but connected on only 14 of 55 for a 25 percent field goal average. Meanwhile McDowell's Daredevils hit a nifty 55 percent of their shots.

James Wallin, with 18 points, was the only Morgan player in double figures.

On Friday, the Devils journey to Rowan County for a game with the Vikings and on Tuesday will play Inez, away.

A Lexington chapter has been formed of a new organization designed to attract industry into Eastern Kentucky and to survey the skills of former Eastern Kentuckians now living in other areas.

The Lexington chapter is one of 64 units of Our Common Heritage being developed in Kentucky and the states of Ohio, Indiana, Michigan and Illinois.

Charter members of the Lexington group include Arch Mainous Sr., chairman; Dr. Robert W. Wilhite Jr., vice chairman; Robert Elam, secretary; Ted R. Osborn, Fred Bryant, Herndon Evans and George E. Evans Jr.

Our Common Heritage Clubs are being formed in the 32 counties which compose the Eastern Kentucky area as well as in Louisville,

Lexington and Covington. In addition, clubs will be formed in 26 cities in the four states north of Kentucky.

Chapters will also be formed in Frankfort and in Washington, D. C.

According to a spokesman for Our Common Heritage, the reason for establishing chapters in these various areas is that statistics show that of the 637,000 people who have left the Eastern Kentucky area since 1960, one-third of them have settled in the Lexington-Louisville-Covington triangle and one-third have settled in the four states to the north of Kentucky.

There are presently 611,000 persons living in the 32-county Eastern Kentucky area, and of this number 55 per cent have an immediate relative in one of the four

states.

The prime purpose of the organization is to attract industry into the Eastern Kentucky area and in thus doing so entice former residents to move back into the area.

One of the ways in which Our Common Heritage plans to show industry the potential work force is to computerize the skills of Eastern Kentuckians now living in northern industrial centers.

As the job skills are computerized, records also will be kept on a person's willingness to return to Eastern Kentucky if a job were available.

In this way, the organization can go to industry and say that a specified number of trained persons would be available for employment if a new plant were built in the area.

Helping to attract industry to the area will be done through the organization's 200-man board of trustees which will be composed of Eastern Kentucky natives who hold influential positions in government and business.

In helping to attract jobs to the area, Our Common Heritage becomes one of the first organizations encouraging people to move back to the rural areas.

The group will be an advocate for education, housing, medical services, water systems, environmental clean-up and protection, cultural advancement, highways recreation areas and facilities and tourism.

Other purposes of the organization include: To erase the negative image of the people and land; to have a homecoming; to establish a migration and resettlement agency; to become aware and proud "of our land, history, traditions, folklore and ourselves."

MAN SHOT IN ATLANTA ROBBERY HAD LOCAL TIES

An Atlanta, Ga., man was killed as he was delivering milk to a store which he did not know was being robbed. Robert Darrell LeMaster was shot dead when he left the store to get two cases of milk he had forgotten. The shot was fired by one of four robbers who wanted his wallet. "He just stuck the gun up there and shot him in the eye," said an Atlanta detective, "and then grabbed LeMaster's wallet and ran."

Police later arrested an 18-year-old youth and charged him with armed robbery and murder. LeMaster, father of one child, is a nephew of A. J. Herald. His funeral was held in Greenup this week.

In our book it is perfectly okeh to lie to a person who asks a question about something that is none of your business.

ROY BENTON...

(Continued from page one)

Rev. Benton, who quit school after completing the eighth grade at Caney School to support his parents, went to work in the mines at Cannel City at age 15. He pointed out in an interview that in those days an eighth grade education in the mountains meant considerably more than it does today.

For several years, the young Benton taught singing schools at churches throughout Morgan and other counties. After walking five miles to work in the mines at Cannel City, then five miles home in the evening, he often left home after supper for another five mile walk to conduct singing at revivals at neighboring churches. On weekends, he rode horseback to neighboring counties to conduct singing schools. All this was done without pay.

Thus, with this background and with ministers in every generation of his family as far back as his great-great grandparents on both sides of his family, it was probably only natural that Rev. Benton should himself enter the ministry.

This he did in 1940 when he assumed pastordship of the First Church of God at Caney, a position he has held since. He also is pastor of the First Church of God at Mariba in Menifee County.

During his 30-year career in the ministry, Rev. Benton has preached from more than 5,000 different texts and has baptized 888 converts. His desire, he says, is that "the Lord will permit me to make the total an even 1,000."

Many of these converts, as well as fellow ministers and other friends, lent their voices to narrate the "This Is Your Life" program. It was many of these same people, now scattered to different counties and states, who returned to honor Rev. Benton Nov. 11. The overflow crowd at the church included visitors—nearly all former Morgan Countians—from Ohio, Indiana, Illinois, and other Kentucky counties.

Narrators of the program included the late Rex Lacy, Rev. Benton's brother, the late Rev. Tony Benton, Bertha Spencer, Cleve Benton, P. M. Benton, Amanda Maddox, and J. F. Benton, all deceased.

While during most of his ministry, money and worldly gain have been almost non-existent, Rev. Benton says if he had his life to live over, he'd do it all again.

His philosophy, he says, is "Truth builds the soul a pleasure house with desirable immunities."

Commenting on the improvement in economic and living conditions which have occurred in his home county since his boyhood days, Rev. Benton attributed it to capable leadership of many of his contemporaries—in the schools, county government, and churches.

Rev. and Mrs. Benton are the parents of one son, Edwin Benton of Caney, and three daughters, Geneva Barker of Stacy Fork, Alene Taulbee of Cincinnati, and Naomi Eagle of Caney. They have 19 grandchildren and six great-grandchildren.

Breathitt Grand Jury In A 15-Day Revealing Session

JACKSON, Ky. — The Breathitt County grand jury last week completed a 15-day session during which it investigated a number of complaints and returned 25 indictments; also the grand jury issued a blistering report on the manner in which the courthouse and county jail are being maintained. The jury reported that a number of keys to various county officer had been taken from their storage place

and that offices of various officials had been broken into and that locks on desks and filing cabinets had been broken and the files ransacked. The jury also indicated the custodian of the county's voting machines and two of his aides charging irregularities in the operation of the machines, and the jury recommended that "proper precautions be taken to insure the integrity of the machines after they are delivered to the precincts and until the polls are opened, and that all election officers be trained in the ways one can detect a 'fixed' voting machine."

IN MEMORIAM

In loving memory of Rev. and Mrs. D. W. Beuchler, who passed away Dec. 10, 1967. It's been four years, Mom and Dad, since you both went away. Still it's hard to realize it was for an eternal stay, gone to a place of rest and love, no labors, no wars. Time takes away the edge of grief, but memories turn back every leaf. Your baby, Dortha, loved you so, and missed you both so much; so God reached down and picked her up almost two years ago. Just a few months ago, our hearts were grieved again when your oldest daughter, Ruth, was picked out to be with you. It has left six of us scattered abroad, but we have fond memories of children growing up, of how you both taught us to pray and always stay in church. I know you four are happy with many friends and loved ones till someday we will all join you over there to be together forever. —Daughter, Cloe Mae Wright (Pd.)

HOLIDAY JOBS BUILD SOCIAL SECURITY PROTECTION

A million people — students, housewives, and others — will work in holiday jobs in department stores and elsewhere to earn some extra yuletide money this season. Most of them will also be building up their protection under social security, according to Thomas B. Thompson, social security district manager in Ashland.

"If your holiday job is covered by social security — and most jobs are — you'll get social security credit for 3 months' work if you earn \$50 or more in the October-December period," Thompson said. "This is true even though all your earnings come in December."

Work credits build eligibility for social security disability, survivors, and retirement benefits and for Medicare coverage at 65, he explained.

"Credits earned in holiday jobs can be particularly important to young people," Thompson said. "For example, a young person who becomes disabled may need credit for as little as 1½ years of work under social security to be eligible for monthly checks. Credit for 3 months of work because of a holiday job can be a big help."

Social security now has \$279 million a month to almost 2.8 million disabled workers and their families.

Work credit also builds eligibility for monthly benefits for the families of young workers who die prematurely. Social security pays \$872 million a month in survivors benefits to almost 6.6 million children, widows, and other survivors of deceased workers, Thompson said.

Holiday workers should have a social security card, the district manager noted. "Be sure you show your card to your employer so your earnings can be credited to your social security number," he said.

"For more information, telephone any social security office," Thompson said. The Ashland number to call is 325-7666."

Thief Gets \$30 From Ken's Market Tuesday

According to State Police Detective Alonzo Hensley, a thief who apparently hid inside Ken's Market Tuesday night and allowed himself to be locked inside after the business closed, stole about \$30 in change from a cash register and then let himself out a side door.

The theft was discovered at about 11 p.m. by City Policeman Hershell Ison, who found the side door open.

No suspects have been arrested. Detective Hensley is investigating.

ASCS CONTINUES AS INFORMATION CENTER FOR ECONOMIC PGM. PHASE II

Morgan County residents can get official information on Phase II of President Nixon's Economic Stabilization Program at the Agricultural Stabilization and Conservation Service office, says Daryl B. Whitt, chief of the office.

"As the nation enters Phase II, ASCS County Offices along with the Internal Revenue Service will continue to provide public information at the local level," Mrs. Whitt explained.

The County ASCS Office will receive regular updates from the President's Commission, and Pay Board. Residents calling or visiting the county office about a wage-price problem, will get answers on the spot if the questions fall within existing guidelines.

More complex questions will be forwarded by the county office personnel to the nearest IRS Office for reply.

"We are not authorized to handle complaints, violations, and requests for exemptions but we will forward them to the IRS District Headquarters Office," Mrs. Evans explained.

Mrs. Evans also said that the name of anyone filing a complaint or violation will be kept confidential.

Any questions that cannot be answered by ASCS or interpreted by the IRS District Office will be forwarded for higher level action. The person making the inquiry will be informed if this action is taken.

Details on procedures for appealing decisions also are available upon request.

The County ASCS Office located at West Liberty, Court St., is open from 8:00 to 4:30. The telephone number is 743-3606.

THIS CHRISTMAS FIND GIFTS WITH A KENTUCKY FLAVOR

BY HELEN PRICE STACY
Dept. of Public Information
Frankfort, Ky.

WEST LIBERTY, Ky. — A season's first snow seldom stays around long, but patches of white that cling to twigs and tree trunks are enough to make something entirely different of the pine or cedar, the hillside, city street or the fire-side.

Overnight the tree has taken on the look of Christmas, a hillside has become a place to sleigh ride, the city street is gala with shops and gifts and the fireplace made to order for long stockings hung from the mantel or a chairback pulled close to the hearthstone.

Already there are those of you who have gifts bought, wrapped and tagged. There too are the rest of us who long ago learned that Christmas is not complete without that last rush to a store or shop.

There is still time this year to give a bit of Kentucky in the stockings hung by the mantel with care — or those dangling from the back of a chair. A husband can give his family a winter weekend in a state resort park, and it bears repeating that as wonderful as the parks are in summer there is nothing so peaceful and beautiful as a park visit during cold months when a wood fire reflects color and hospitality in the massive beams and stones and copper hoods above warm hearthstones.

Continuing the theme of giving Kentucky-made gifts this Christmas, stores and shops throughout the commonwealth and park gift shops abound with locally crafted articles that are satisfying to give and a joy to receive. There are shelves of books by Kentucky authors and editors — books on history, sports, cooking, crafts, music, art and books for all age groups.

Every city, town or village has its people who tool leather, hammer copper and brass, make jewelry — seamstresses who could provide lengths of patchwork or even a quilt, placemats, table cover or curtains in this popular motif. You might want to undertake a bit of patchwork yourself and make a gift of a quilted patchwork quilt made of pieces of whatever you can find. In the hills, grandmothers continue a generations-old tradition of piecing quilts to give their children and grandchildren at Christmas.

For the collector there are artists prints as well as original paintings, Kentucky-made furniture, pottery and bibelots.

I consider it a mark of distinction to display Kentucky arts and crafts. You might find a Kentucky display case to give — an antique china cabinet. My old schoolmaster's desk, for instance, holds apple dolls made by Mrs. Johnny Burgess of Louisville, ceramic birds made by Mrs. Nell Carr, wax candles from the Cane Brake in Washington, Ky., and other state-made gifts.

In a Louisville home visited recently, Eloise and Bennet Elliott used Kentucky sculpture, pottery, yarn hangings and original paintings to lend distinction and create a mood that almost says "Welcome to our home and let's talk awhile."

For something different in Kentucky gifts, call the historical society in your community to find out who does genealogy.

ies. Give the genealogist as much family history as you have to get started on a family tree that is sure to be in the beginning of an absorbing family hobby. Whatever your ancestry with its family ghosts, whatever your race or color, your gift of a family tree can be an important legacy, a stabilizing factor in linking present and past generations.

Among stocking stuffers to be found in state park gift shops are many Kentucky-made articles small enough for the stocking and also for the pocketbook, such as the booklet "By Their Works," to be found at My Old Kentucky Home, Greenbo Lake State Resort Park and others. Written by Lynn Nickell, West Liberty, the booklet tells much about your ancestors who preserved foods by drying and canning, sulphured apples, how they built their cabins and log bee hives, and country schools. They built a great Kentucky by work of their hands.

Look around you, search for unusual Kentucky foods and products, or make something yourself. This year would be a good time to give gifts with a made-in-Kentucky flavor and look.

Morgan Teacher Is Cited For Work At Frenchburg Center

Douglas Stamper of Caney, a teacher at the Frenchburg Correctional Facility, has been selected for a write-up in the "Know Your Staff" column in the facility's newspaper, "Red River Gazette."

Mr. Stamper, who has been employed at the center, operated by the Kentucky Corrections Department, is a native of Letcher County.

He resided in Letcher County until he was eleven years old and then was taken to Morgan County where he was reared by Rev. and Mrs. Wardie Craft of Caney. He attended high school in Morgan County, graduating third in his class of eighty. From high school he went to Morehead State University, where he was graduated in 1964.

Upon completion of his college work he taught in the Morgan County School system for six years. The principal subjects he taught were French and Latin. He is currently working on his Masters in Education at Morehead and carries a 3.8 standing, which is very commendable.

Mr. Stamper and his wife, Glenna have been married for eight years. Mrs. Stamper is a native Morgan County. They have one child, a son, Turren, age seven. Presently they reside in the community of Caney.

Mr. Stamper, who is 28, enjoys hunting, fishing, working crossword puzzles, and reading. He also is an avid sports fan and plays both basketball and soft ball quite often.

He has stated that he feels the program here at the Facility is a step in the right direction for Corrections. He also emphasized that he would prefer to remain in this field because he has found the working very challenging as well as rewarding. Said the Gazette, Mr. Stamper is one of the most popular and well liked members of the staff and is a credit to the program here. We feel that Corrections is very fortunate to have someone of his caliber working for them and would like to see many others of his type pursue Corrections work."

N. E. COAL CO. HAS COAL PLANT AT IRVINE
IRVINE, Ky. — The Northeast Coal Co., headquartered in Paintsville, has erected a modern coal cleaning and grading plant here, which employs 15 men. Larry LaViers, Jr. of the coal firm said the plant employs the latest equipment for controlling pollution.

ROWAN ATTORNEY NAMED BY FORD AS MOTOR DEPT. HEAD
Gov. Ford during the weekend announced appointment of Commonwealth Attorney Elijah Hogg of Morehead as Commissioner of Motor Transportation, and the Morehead News has speculated that the Governor may name "an attorney from Mt. Sterling to take his place as Commonwealth Attorney of the Rowan-Bath-Montgomery-Menifee district." Hogg, age 54, has served as prosecutor in that district since 1957. He is a graduate of Washington & Lee University School of Law.

During the weekend Ford also announced appointment of Evans D. Tracy of Lexington as Child Welfare Commissioner, and Joseph R. Bell of Louisville as one of his administrative assistants, the same position he held under Gov. Combs and Gov. Breathitt.

SENATOR COOPER POINTS TO VITAL NEED FOR STRIP-MINE REGULATION

Without Controls, Surface Mining May Face Eradication

WASHINGTON, D. C., Dec. 2 — Senator John Sherman Cooper (R-Ky.) today testified before the Senate Interior Committee concerning strip-mining of coal and legislative proposals of his and Senator Howard Baker (R-Tenn.).

Senator Cooper told the Committee, "I believe that legislation can be enacted which will effectively work to regulate surface mining. If the regulation of surface mining is not undertaken quickly, we will face the unhappy prospect of having not only our flat and rolling lands, but even larger areas of our hills and mountain lands, despoiled — and restoration may be impossible."

"Unless immediate action is taken to regulate effectively surface mining, those who desire to operate surface mines will certainly face the prospect of being prohibited from operation," Senator Cooper stated.

The Kentucky Republican told the Committee that he believes that surface mining could be prohibited in certain areas, but he does not favor complete prohibition of surface mining. "I cannot do so because, realistically, coal production is needed," Energy demands double every 8 to 10 years. Other energy sources may, in the future, replace the need to strip mine, but they cannot be relied upon now to furnish the necessary energy requirements of the nation, the Kentucky Senator said.

Senator Cooper told the Committee that a Federal law is required for two reasons: first, because the problems of working energy and preserving the environment are national problems which require national policy; second, because regulation, state-by-state, introduces competition for markets which places a premium on low standards, and a statute that will be uniformly applicable is required in equity and fairness.

The program proposed by Senator Cooper would establish a Federal-State relationship with Federal guidelines and State enforcement. This procedure, establishing a system of Primary State regulations, backed up if necessary and enforced by the Environmental Protection Agency, would require 16 to 18 months to develop, Senator Cooper said. "A serious question arises about what will happen during this year-and-a-

half, or two years if the bill is not promptly enacted by the Congress. The expansion of strip mining in the past two years would indicate that the problem may be then be insuperable, beyond control, and large areas of our coal-producing states beyond the possibility of rehabilitation. I therefore propose that during this interim period, surface mining be conducted only under Federal authority, with the approval of the Environmental Protection Agency," Cooper stated.

The EPA would be given 6 months to promulgate criteria and guidelines for the control of surface mining activities. The States would then be given six months to submit a regulation program which would be required to meet certain criteria, including permit programs.

IN MEMORIAM

In memory of our dear, beloved Dad, John Emmett Ferguson, who passed away Aug. 25, 1971—

A heart of gold stopped beating. Dad has been called to rest; God broke our hearts to prove to us

He only takes the best. 'Tis hard to think that you are gone.

Your face we cannot see. But we will trust in Him who said,

Ye, weary come to me. A precious one from us is gone. A voice we loved is stilled.

A place is vacant in our home Which never can be filled. Some will think we're not lonely Dad.

When at times they see us smile, Little will they know the heartache.

That we suffer all the while. Our house will be lonesome without you, Dad.

And sad will be the way. For life and home are not the same Dad.

Since you were called away, Sweet memories will linger forever.

Time will not change 'tis true, And years will never dim Our loving memory of you.

—Sadly missed by children, grandchildren, great-grandchildren. Sent in by Mrs. Charles Wilcher, Rt. 4 Hillsboro, Ohio 45133.

UPPER CROCKETT

By Hattie Ferguson

Dec. 6 — Well, it is beginning to look a little more like Christmas. But didn't we have a beautiful autumn?

Today was the funeral of Margaret Lewis of Isonville. She is the mother of Fiona Hutchinson, who is one of our nearest neighbors. I did not get to go to the funeral, so I want to dedicate a poem to her entitled, Missing Friends.

When I was young in country lanes

O many was my friends! And some walked slowly, some ran fleet

With me around life's bends. But now at last since many years

Have flown, I stand alone In country lanes and thru my tears

The sun has set for them? The sun has set for them, and too,

My sun must set. O then Maraculously shall come in view My missing friends again. —Unknown

This evening, Ivory Hutchinson called me to say that she saw one of my old friends at the funeral who said she wished I would keep writing the news. She was the former Miss Gertrude Gilliam from Isonville who now lives in Ohio. I was pleased to hear from her again. I can't remember having seen her since 1927.

My husband and I visited for a while one evening last week with Walter and Alice Lyons at their store, Robert Fannin was there. We enjoyed remembering our old neighbors, friends, and relatives of Upper Crockett. They mentioned the names of Linnie, Florence, Estie, and Winfield Hutchinson and others.

Our guests for Saturday night were Winfield Hutchinson and son, "Gooper", and son-in-law,

Cletus Jordan, from Lexington. Sunday afternoon guests of ours were, Mr. and Mrs. Carl Hutchinson and his father, Roy Hutchinson. They also visited the Gerald Carr family.

Ivory Hutchinson was a dinner guest of ours one day last week.

Mrs. Quincy Hutchinson and Keith visited Quincy this weekend at Lawrenceburg, Ind., where he is employed at this time.

My husband and I recently visited some old Crockett neighbors near Harrodsburg, Ky. They were Harold and Cassie Dixon and daughter, Judy. They are now settled in their new home in Lakeland, Fla. We hope to visit them there sometime.

We had a surprise visit from our granddaughter, Shirley, and her husband, Rex Davidson. They had left the baby with his grandmother, Mrs. Frank Ferguson, at Cincinnati.

We also had a phone call from our son, Lowell, from Fairborn, Friday. They were all ok.

I spent two wonderful days and nights in November with Aunt Mona and Uncle John Woolridge on Newcombe, while by husband and John Wheeler went fishing on John's house boat on Grayson Reservoir.

Uncle John has a remarkable memory for one almost eighty-five. They live on the old farm where my mother was raised.

He showed me where the old orchard once grew that was planted by my grandfather. He said each child, Martha, Alice, Minnie, Lucy, John, and Logan, chose an apple tree and held the tree up while grandfather filled in the good rich soil. The name of his tree was fall pippin. It is the only one living now.

It bore a fine crop of apples this fall. Aunt Mona dried a fine lot of them. They gave two gallons of them to my brother, Winfield, and to me. We considered them a very special gift. Uncle John said the fruit trees were bought from Mr. Pierce Ward, who then owned and operated a store at Isonville, Ky., over eighty years ago.

We are still enjoying the memory of our visit to Waynesboro Va. where we visited Miss Mary Showalter her sisters relatives and friends.

TV's and Radio

"A survey shows that televisioners don't remember the programs they watch." This isn't surprising. TV programs have about as much impact on the mind as a light fog has on a duck's back.
